

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 2008-427-E - ORDER NO. 2009-33
JANUARY 20, 2009

IN RE: Application of Carolina Power & Light)	ORDER GRANTING
Company d/b/a Progress Energy Carolinas,)	AUTHORITY TO ISSUE
Inc. for Authority to Issue and Sell)	AND SELL ADDITIONAL
Additional Securities (Long-Term Debt)	SECURITIES (LONG-
and/or Equity))	TERM DEBT AND/OR
)	EQUITY)

This matter comes before the Public Service Commission of South Carolina (the "Commission") upon Application of Carolina Power & Light Company d/b/a Progress Energy Carolinas, Inc. (the "Company") filed on November 18, 2008, requesting authority to issue and sell additional debt and/or equity securities.

FINDINGS OF FACT

1. The Company's correct name and post office address are Progress Energy Carolinas, Inc., Post Office Box 1551, Raleigh, North Carolina 27602. The names and post office address of its attorneys are Patricia Kornegay-Timmons and Len S. Anthony, Post Office Box 1551, Raleigh, North Carolina 27602. The Company is a public service corporation organized and existing under the laws of the State of North Carolina and authorized to do business in South Carolina. Its principal office is located at 410 South Wilmington Street, Raleigh, North Carolina 27601. The Company is primarily engaged

in the business of generating, transmitting, delivering and furnishing electricity to the public for compensation.

2. The Company's capital stock outstanding at September 30, 2008, consisted of 159,608,055 shares of Common Stock with an associated shareholder equity of \$2,054,627,886, and Preferred Stock with a stated value of \$59,333,982. As of September 30, 2008, the retained earnings of the Company were \$2,200,372,986 and accumulated other comprehensive loss was \$13,559,911.

The Company's existing long-term debt at September 30, 2008, consisted of principal amounts of \$2,993,725,000 in First Mortgage Bonds and \$521,609,984 in other long-term debt, less unamortized discount of \$7,066,248. The First Mortgage Bonds were issued under and pursuant to a Mortgage and Deed of Trust dated as of May 1, 1940, duly executed by the Company to The Bank of New York Mellon (formerly Irving Trust Company), as Corporate Trustee, and Frederick G. Herbst, as Individual Trustee, succeeded by Douglas J. MacInnes, who presently is acting as Individual Trustee, as supplemented by seventy-five supplemental indentures (the "Mortgage").

3. The Company's capital requirements are projected to total approximately \$4.2 billion during the period of 2009 through 2011.

4. Pursuant to the provisions of its Charter and for the purposes hereinafter stated, the Company proposes to issue and sell up to \$3,025,000,000 of additional debt and/or equity securities, including First Mortgage Bonds, Senior Notes, Debt Securities and Preferred Stock. The Company has \$675,000,000 remaining for issuance pursuant to Order No. 2006-105 of this Commission dated February 15, 2006, in Docket No. 2006-

16-E and Registration Statement No. 333-126966 on Form S-3 filed with the Securities and Exchange Commission (the “SEC”) on December 22, 2005, and declared effective on December 23, 2005. Therefore, including the previously authorized amount, the Company would have available for issuance an aggregate of \$3,700,000,000 in debt and/or equity securities.

The Company intends to sell the proposed securities during the effective period of a shelf Registration Statement that the Company filed with the SEC on November 18, 2008, in connection with the registration of such securities. (Under the SEC’s securities offering reform rules (the “SOR Rules”), Registration Statement No. 333-126966 expired upon the filing of the new registration statement on November 18, 2008.) Although the SOR Rules permit the registration of an unlimited amount of securities on the new registration statement, the Company’s Board of Directors has approved the issuance and sale of an aggregate principal amount of debt and equity securities totaling \$3,700,000,000. A redacted copy of the Registration Statement, including the Company’s prospectus and other relevant information, is attached to the Company’s Application as Exhibit A. (The Registration Statement was filed on behalf of multiple registrants and has four separate prospectuses; however, the Company’s Application included only those portions that relate to its offering of securities.)

The net proceeds to be received from the proposed issuance of up to \$3,025,000,000 in additional long-term debt and/or equity securities will be used (i) to finance the construction of new facilities and the maintenance of existing facilities, (ii) to finance the future acquisition of other entities or their assets when such acquisition(s) will

benefit the Company in providing reliable electric service to its customers, (iii) to refund, repurchase, retire, redeem, or reduce outstanding short- or long-term indebtedness, and (iv) for other general corporate purposes. The Company has \$406 million of long-term debt which will mature during the effective period of the Registration Statement. For financial reporting purposes, the Company had \$1 million of short-term debt at September 30, 2008.

5. The Company will consider the issuance of First Mortgage Bonds including secured medium-term notes, debt instruments sold to European investors (“Eurobonds”), unsecured debt, including unsecured medium-term notes, debentures, senior notes that initially will be secured by one or more series of First Mortgage Bonds, but will become unsecured when the Company’s other First Mortgage Bonds are repaid, redeemed or otherwise retired, or other forms of long-term debt securities are not specifically referenced herein. The Company continuously monitors rates, terms and conditions for alternative forms of debt financing and will determine which type of security offers the most favorable terms to the Company. In general, the Company will only consider issuing additional long-term debt securities for refunding purposes when a new issue can be priced at least 0.5% below the break-even rate of the issue to be refunded and if the refunding yields net present value savings of \$500,000 or more. (Break-even rate includes consideration of call premium and issuance expenses.)

6. The Company proposes to issue the additional securities either in discrete financing transactions or pursuant to a continuous offering program. Under a continuous offering program involving the debt securities, secured and/or unsecured medium-term

notes could be continuously offered and issued in an amount deemed appropriate and necessary by the Company but in no event exceeding the amount authorized pursuant to its Application.

7. The Company proposes to enter into negotiations with, or request competitive proposals from, investment bankers or other financial institutions to act as agents, dealers, underwriters, or direct purchasers in connection with either the public or private offering of each issuance in accordance with the terms thereof. The interest rate will be determined by the Company at or prior to the sale of securities. The Company intends to determine the method of sale and the financial institution(s) which will offer the most favorable terms to the Company.

8. To the extent the proposed long-term debt securities are the Company's First Mortgage Bonds, they will be created and issued under, and subject to, the provisions of the Company's Mortgage, as heretofore supplemented and as to be further supplemented by a Supplemental Indenture substantially in the form attached to the Company's Application as Exhibit B, to be executed in connection with their issuance. To the extent the proposed securities are senior notes, they will be created and issued under, and subject to the provisions of the Indenture (for Senior Notes), dated as of March 1, 1999 between the Company and The Bank of New York Mellon (formerly The Bank of New York), as Trustee, as amended and supplemented, which is attached to the Company's Application as Exhibit C, as further supplemented by the Supplemental Senior Note Indentures, to be executed in connection with their issuance. To the extent the securities are other forms of securities not specifically referenced herein, they will be

created and issued under and subject to the provisions of the Indenture (for Debt Securities), dated as of October 28, 1999 between the Company and The Bank of New York Mellon successor in interest to The Chase Manhattan Bank as Trustee, as amended and supplemented, which is attached to the Company's Application as Exhibit D or one or more additional indentures relating to Debt Securities, substantially in the form attached to the Company's Application as Exhibit E, in either case, as supplemented by Supplemental Debt Securities Indentures, to be executed in connection with their issuance. To the extent the proposed securities are shares of Preferred Stock, they will be created and issued and subject to the provisions of the Company's Restated Charter, as amended, and the Company's By-Laws, as amended, which are attached to the Company's Application as Exhibit F and Exhibit G, respectively.

9. The Company estimates that it will incur expenses, excluding underwriting fees, in the range of approximately \$300,000 in connection with each private placement or public offering of the securities. Underwriting fees may vary significantly depending on the terms of the offering.

10. In the period from January 1, 2007 to September 30, 2008, the Company had a net increase in cash and cash equivalents of approximately \$74 million (excluding non-cash activities. Attached to the Company's Application as Exhibit H is a statement of such cash flows.

11. Pursuant to Order 1991-72 in Docket No. 1991-32-E, the Commission requires all electric utilities to provide information responsive to certain questions listed in the Order. The Company has responded to each of those questions as follows:

- a. The Company's Consolidated Financial Statements as of December 31, 2007 are attached to the Company's Application as Exhibit I. The Company's 2007 financial statements, as revised pursuant to a Form 8-K filed with the SEC on November 7, 2008, for the retrospective implementation of Financial Accounting Standards Board Staff Position FIN39-1 are attached to the Company's Application as Exhibit J. The Company's Consolidated Interim Financial Statements as of September 30, 2008 are attached to the Company's Application as Exhibit K. Pro forma financial statements are attached to the Company's Application as Exhibit L.
- b. The net proceeds to be received from the proposed issuance of up to \$3,025,000,000 in additional long-term debt securities will be used (i) to finance the construction of new facilities and the maintenance of existing facilities, (ii) to finance the future acquisition of other entities or their assets when such acquisition(s) will benefit the Company in providing reliable electric service to its customers, (iii) to refund, repurchase, retire, redeem, or reduce outstanding short- or long-term indebtedness, and (iv) for other general corporate purposes. The Company has \$406 million of long-term debt which will mature during the effective period of the Registration Statement. For financial reporting purposes, the Company had \$1 million of short-term debt at September 30, 2008.
- c. If the authority to issue and sell additional long-term debt on the conditions set forth in this Application is delayed or not granted, the Company's ability to take advantage of financial market and liability management opportunities may be impaired, resulting in higher costs to the Company and possibly its ratepayers.
- d. The expected effective interest rate of the additional long-term debt securities issuance will depend upon market conditions and the terms of the offering at the time the debt is issued.
- e. The issuance of long-term debt securities benefits the Company by enabling it to achieve the purposes set forth in paragraph (b) above. Information regarding the expected costs of the proposed long-term debt securities is provided in paragraph 9 of the Company's Application.
- f. The impact of the proposed transaction on the Company's capital structure at December 31, 2007 is represented on the pro forma financial statements provided in Exhibit L to the Company's Application.

12. Approval of the Company's Application does not bind the Commission as to the ratemaking treatment of the contemplated issuances.

13. This Order shall not, in any way, affect or limit the right, duty, or jurisdiction of the Commission to further investigate and order revisions, modifications, or changes with respect to any provision of this Order in accordance with the law.

CONCLUSIONS OF LAW

From a review and study of the Application, its supporting data and other information in the Commission's files, the Commission finds that the proposed issuance and sale of additional debt and/or equity securities of not more than \$3,025,000,000:

- (i) Are for a lawful object within the corporate purposes of the Company;
- (ii) Are compatible with the public interest;
- (iii) Are necessary and appropriate for and consistent with the proper performance by the Company of its service to the public as a utility;
- (iv) Will not impair the Company's ability to perform its public service; and
- (v) Are reasonably necessary and appropriate to provide adequate funds for such corporate purposes.

IT IS THEREFORE ORDERED THAT:

1. Carolina Power & Light Company d/b/a Progress Energy Carolinas, Inc. be and hereby is authorized, empowered and permitted: (i) to issue and sell up to \$3,025,000,000 of additional debt and/or equity securities pursuant to the terms and conditions described herein at such times as the Company may deem necessary or advisable, in addition to the \$675,000,000 remaining available for issuance pursuant to

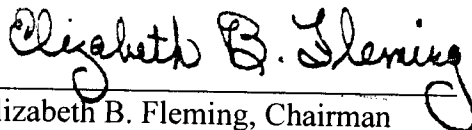

the Commission's Order No. 2006-105 dated February 15, 2006 in Docket No. 2006-16-E, and (ii) to execute, deliver and carry out such instruments, documents and agreements as shall be necessary or appropriate to effectuate such transaction or transactions.

2. Approval of this Application does not bind the Commission as to the ratemaking treatment of the contemplated issuances.

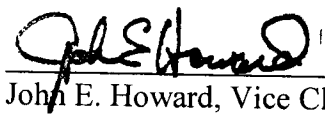

3. This Order shall not, in any way, affect or limit the right, duty or jurisdiction of the Commission to further investigate and order revisions, modifications, or changes with respect to any provision of this Order in accordance with the law.

4. This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

Elizabeth B. Fleming, Chairman
